DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 6-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims 6 and 8 recite "a given value" It is unclear what represent the given value since it is not defined.

Claim 9 recite "a first given value" , "a second given value" and "a third given value" It is unclear what represent the given value since it is not defined.

Allowable Subject Matter

3. Claims 1-5 are allowed.
4. Claims 6, 8 and 9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

5. Applicant's arguments filed 10 July 2006 have been fully considered but they are not persuasive.

On the remarks, applicant argues that claims 6, 8 and 9 satisfy the requirement of 35 U.S.C. 112 2nd paragraph. Claims 6, 8 and 9 recites "a given value" which applicant considered as variables. These variables are set in relationship defined by a given equation (see specification). Therefore, a value such as zero or negative number may not be practical to applicant's invention. The "given value" recited in the claim does not clearly defined boundaries of what is claimed. The claims would be more clear if written as, for example, the given value is an integer greater than zero.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
